BEST PRACTICES OF SCHOOL

The curriculum encompasses the brilliance of academics, skill training and values to enhance intellectual competence, dynamism, versatility, character and fosters the vital values of solidarity, empathy, critical thinking, social engagement in our children to bring about meaningful civic participation.

We constantly endeavour to adapt to the learner's needs by adopting novel pedagogical practices with conventional methodologies thereby leading to a blended mode of classroom transactions. The school facilitates diverse activities all year round so that not only the objective of all-inclusive education is fulfilled but strength of character is also enhanced to build individual and collective capacities.

Confluences like MUN, AHAM –the only youth conclave to be hosted by a school inculcate transversal skills and skills of negotiation, conflict resolution and cooperation in students.

This is the school where every child is taught to be the key to social transformation. The emphasis is in enabling the evolution of our children to become the means to progressive thought processes and thereby assist in nation building.
